

PLANISPHERE WORKSHEET

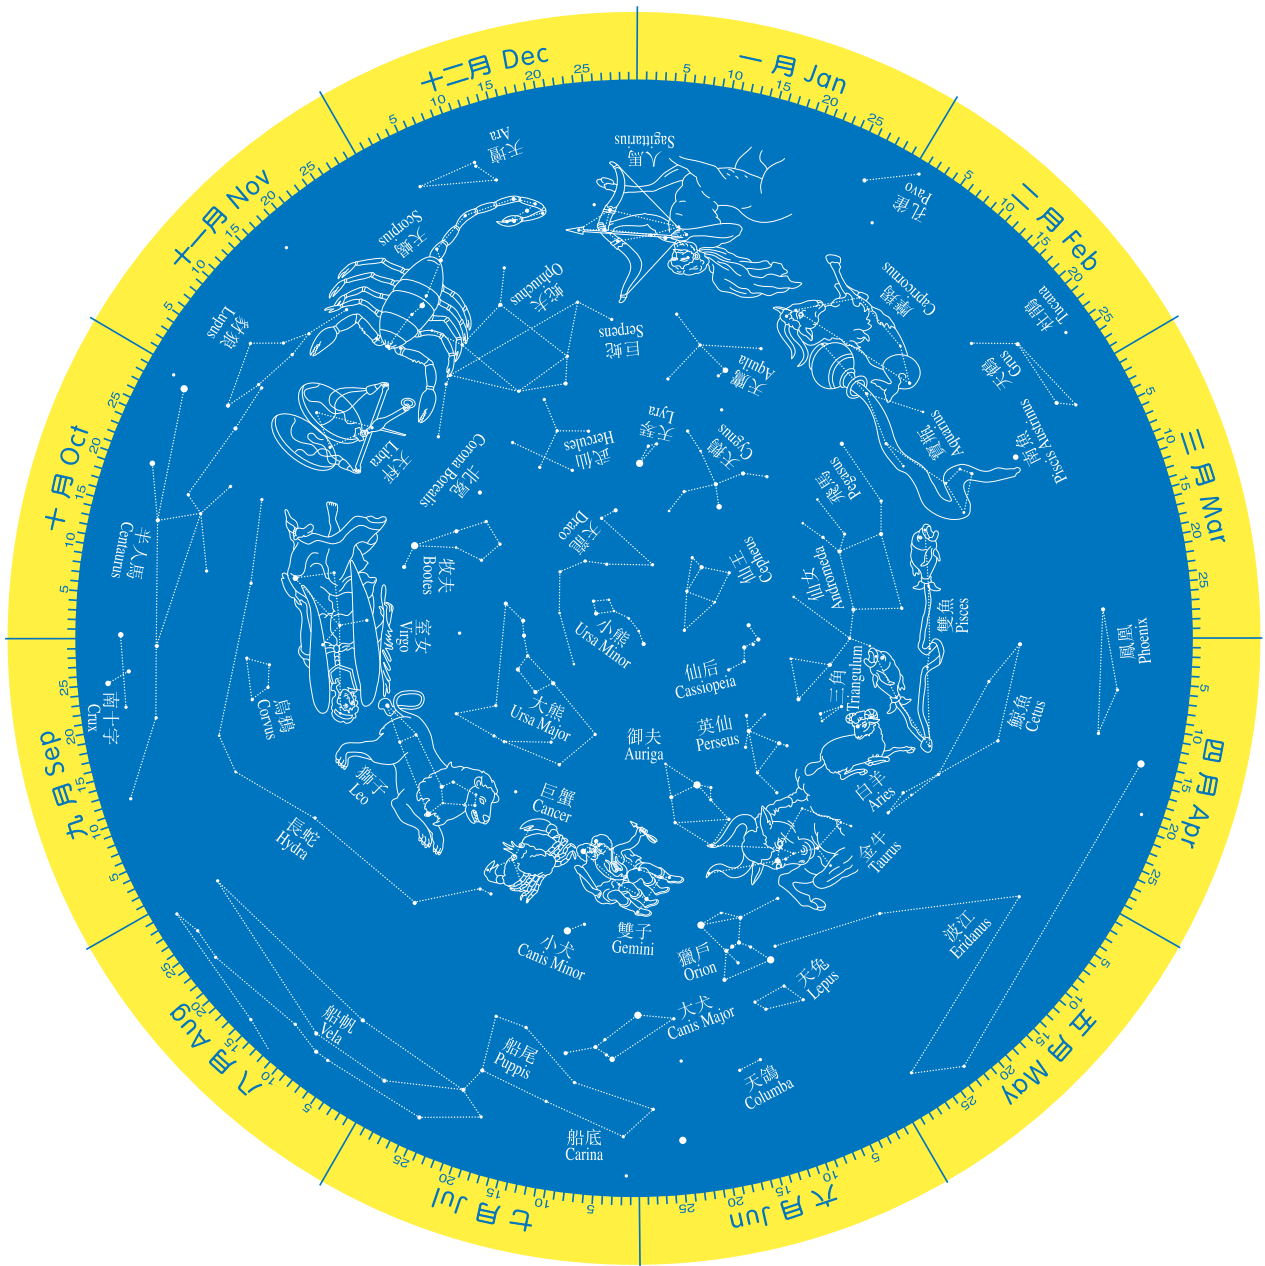

製作步驟

- 1 撕下底座和星盤，並除去底座中央的橢圓形窗口。
- 2 參考左邊的完成圖，把底座摺合及貼好，然後將星盤插入底座內。

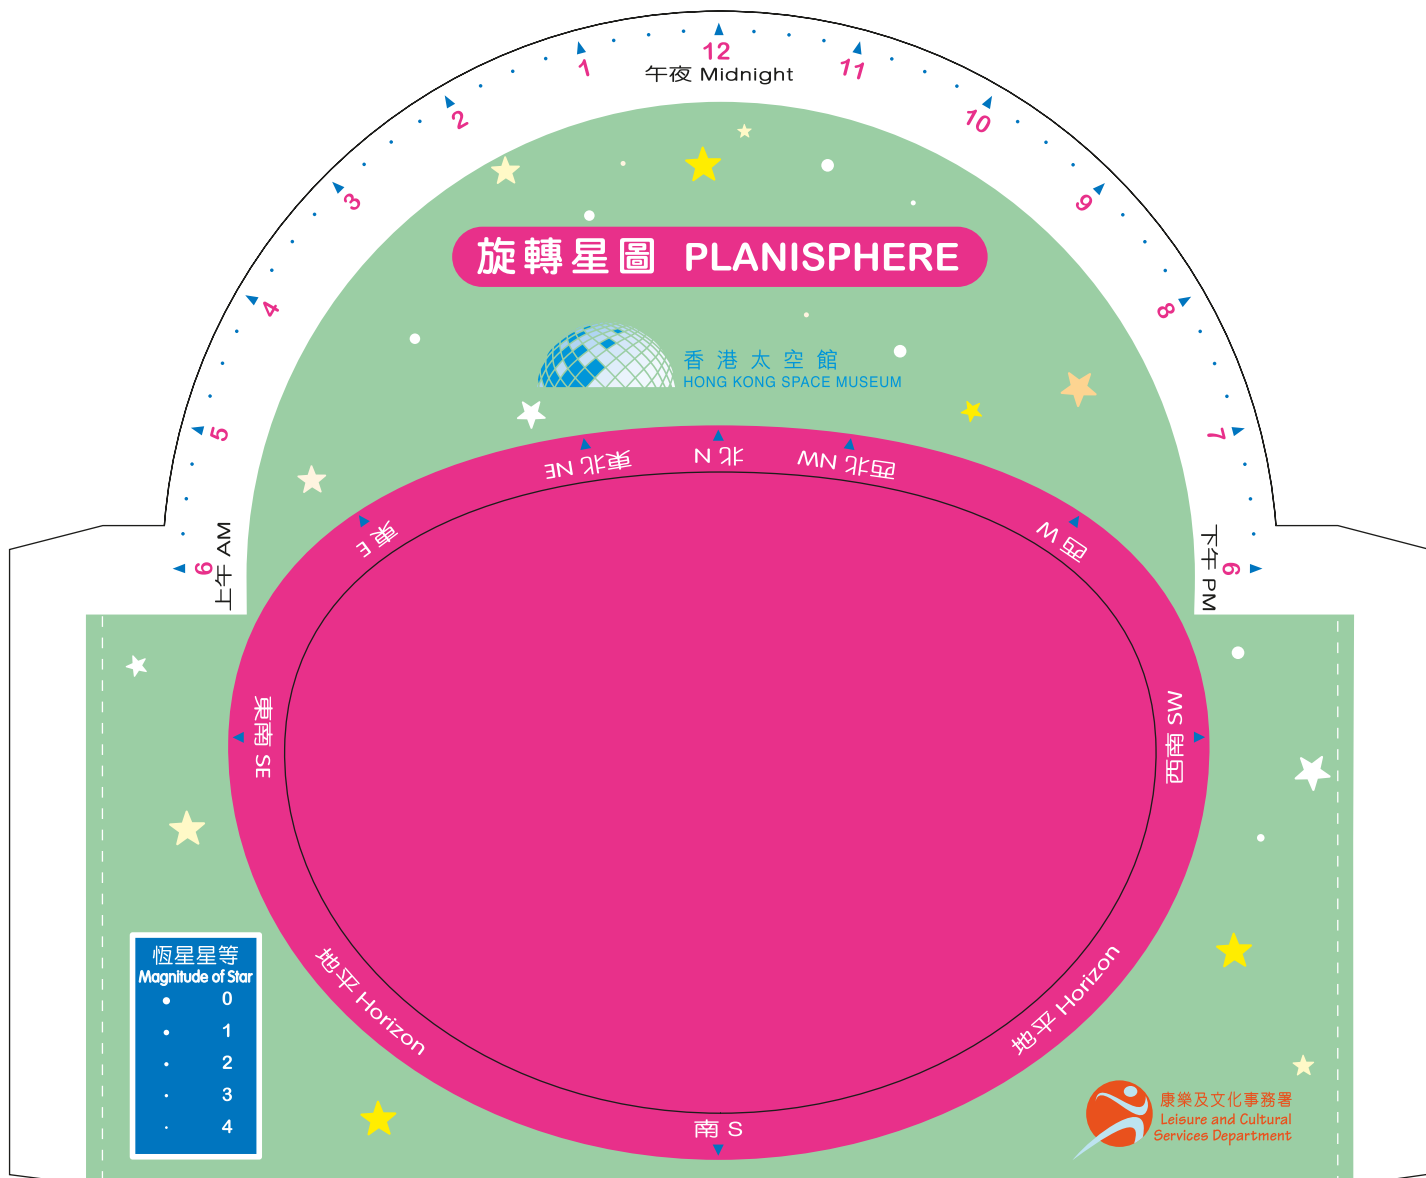

Procedures

1. Tear out the Holder and the Star Dial, and remove the central oval of the Holder.
2. Taking reference to the diagram on the left, fold the Holder and glue the two sides together. Then insert the Star Dial into the Holder.

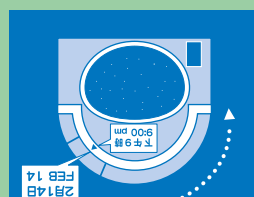

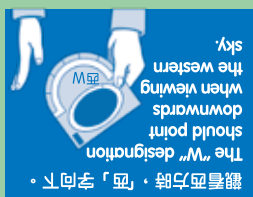

星盤
Star Dial

旋轉星圖製作紙

恆星星等
Magnitude of Star

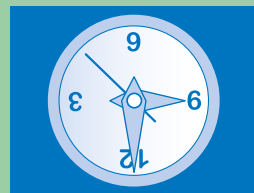

•	0
•	1
•	2
•	3
•	4

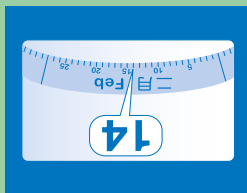

圖盤內所示的便是香港現時可以看到的星空。The stars showing in the oval opening are those that can be seen in Hong Kong at present.

2. 先尋找方向，然後將旋轉星圖按下面例子拿著，便可在夜空中尋找星星及星座。Find the direction and then hold the Planisphere as shown below. You are ready to go star and constellation finding in the night sky.

1. 看看日期，看看時間，看看星盤，將日期對準時間。Check the current date and time. Align the date on the Star Dial with the time on the Holder.
